HOBBIES

My favourite section of the resume.

I have two dogs, Salt and Pepper, ride a Husqvarna Svartpilen 401, and recently picked up MMA. At 21, I became a certified scuba diver, walked fashion shows at Mithibai College, and spent most of my childhood dancing. One of my favourite adventures was driving from Bangalore to Spiti Valley and back with just one other driver.

I travel often, mostly in search of perspective. The experiences that have shaped my work the most haven't come from courses or conference rooms. They've come from getting uncomfortable, staying curious, and learning as I go.

Learning is the only constant in life. You might as well have fun with it.
